Township representatives and PennDOT representatives recently met to review of the drainage system on Rohl Road, under the bridges for Interstate 86 and Interstate 90.

PennDOT offered to bring the drainage system up to standards as long as the Township would take over future maintenance. Guide rails would be installed, with possible financial assistance from Greenfield Township. A resolution was required to start the design of the project.

Steve Rathmann made a motion to adopt Resolution 2019-16 approving the future maintenance of the drainage system on Rohl Road. Sal Fedele seconded. Motion carried unanimously.

Township business was discussed.

Sal Fedele made a motion to adjourn. Kevin Bartlett seconded. Motion carried unanimously.

Meeting adjourned at 7:26 p.m..
