Trucks would be obtained from North East, Greene and Venango Townships. Brian Brown stated that he had received complaints about Ashton Road. Sal Fedele stated that it was a work in progress and that the road will be smooth before it is sealed. Currently, the plan was to have the seal coat applied on June 22nd.

The length of the detour, due to the washout of a bridge on Route 6 on the way to ACA Sand & Gravel, had been discussed with Tom McClure. The detour would add significant mileage and time. Recently, PennDOT informed the Township that a shorter detour would be available by the end of July. Tom McClure was fine with the Crew installing the drainage improvements this year and delaying the placement of the 2RC on Dougan Road until 2023, if necessary.
